

# Brrr!

Baby Penguin and his friends  
are covered with snow.

14

They warm up in the sunshine.

15

All that playing has made  
Baby Penguin hungry.

Don't worry Baby Penguin.

It is almost time to **eat.**

FACT STOP

Some mother penguins  
will walk 50 miles to  
the ocean to bring  
back food for  
their babies.
