WE BOTH READ[®]

Teacher & Parent Introduction

We Both Read books offer an easy and enjoyable way to encourage and help children to read! The books feature a unique format with two alternating reading levels for readers with different abilities to take turns reading aloud. Research has shown that use of this series can significantly accelerate reading development for both reluctant and eager readers.

Typically, a parent or teacher reads the pages with higher level text, and a child reads the pages written at one of six early reading levels. However, many schools also use the books for buddy-reading between students with different reading skills (usually from different grades). Please note that an “adult talking” icon  precedes the higher level text, and a “child talking” icon  precedes the easier level text. This e-book edition can be used with two readers at a computer or with an entire class and a teacher using an interactive whiteboard.

This e-book is in PDF format, and we recommend viewing it in *Two Page View*. In most cases, you can do this by going to *View* in your top navigation bar, then selecting *Page Display > Two Page View* or *Two-Up Continuous*. If available, in *Page Display*, also click *Show Cover Page in Two-Page View*. This should set up the e-book so that this page is on the left side. If this page is on the right side in *Two Page View*, we recommend viewing the book in *Single Page View*.

Special Notes for Parents

You may find it helpful to read the entire book aloud yourself the first time, then invite your child to participate the second time. As you read, try to make the story come alive by reading with expression. This will help to model good fluency. It will also be helpful to stop at various points to discuss what you are reading. This will help to increase your child's understanding of what is being read. In some books, a few challenging words are introduced in the higher level text, distinguished with **bold** lettering. Pointing out and discussing these words will help to build your child's vocabulary.

If your child struggles with a word, you can encourage "sounding it out," but keep in mind that not all words can be sounded out. Your child might pick up clues about a word from the picture, other words in the sentence, or any rhyming patterns. If your child struggles with a word for more than five seconds, it is usually best to simply say the word.

Most of all, remember to praise your child's efforts and keep the reading fun. After you have finished the book, ask a few questions and discuss what you have read together. To help increase your child's comprehension and fluency, also consider rereading the book multiple times.

Try to keep these tips in mind as you read together, but don't worry about doing everything right. Simply sharing the enjoyment of reading together will increase your child's reading skills and help to start your child off on a lifetime of reading enjoyment!

We All Sleep

TREASURE **BAY**

☞ In hopes they will spy a small worm from the sky,
the birds are all flying and soaring up **high**.

Are the birds flying down low?

No, the birds are flying up . . .

☁ . . . high!

☺ The sun disappears as it sets in the west.
It's time for some **sleep**. Yes, we all need to rest.
For people and animals, **sleep** is the key.
The birds even **sleep** in their nest in the tree.
Shhh! The birds are . . .

☹️ . . . sleeping!

☹️ They roll in the **dirt**, as they're playing all day.
These pigs were once pinkish, but now they're more gray.
Are these pigs clean?

👁️ No, these pigs are **dirty!**

- ☹️ These pigs are so dirty and really a sight!
I just hope they bathe before bedtime tonight!
- Do you think he washed there, in back of his ear?
They're **sleeping** right now, so let's not get too near.

🤫 Shhh! The pigs
are **sleeping!**

☹️ The cubs that are wrestling are so very **small**.
But soon they will grow into bears that are tall.
Are the bear cubs big?

👁️ No, the bear
cubs are **small!**

- 🌀 The **bears** like to hibernate all winter long.
To wake them up early would surely be wrong.
Come spring they will rise and find something to eat.
Perhaps now they're dreaming of honey, so sweet.

👁️ Shhh! The bears
are sleeping!

☹️ These kittens are curious! Look how they try, to catch anything that is **fast** or that flies.

Are the kittens slow?

👉 No, the kittens are fast!

☹️ I don't think the **kittens** will catch that quick mouse. Let's hope as they chase, they do not wreck the house!

Oh, look at them now, as they lie in the sun!
A short little nap, before having more fun.

🗣️ **Shhh! The kittens
are sleeping!**

☹️ These penguins all live in a place that is **cold**.
It snows and it's icy all year, I am told.

Are the penguins hot?

🌀 No, the penguins are **cold!**

- ☺ The **penguins** will slide on the snow and then dive. They swim like the fish, which they eat to survive. At night they will huddle in groups to stay warm. With clouds in the sky, they all know it might storm.

🤫 Shhh! The penguins
are sleeping!

- ☞ The legs on a rabbit can help it to hop.
They land with a thump, as their **long** ears go flop.
Are the rabbit's ears short?

❌ No, the rabbit's ears are long.

☺ Some **rabbits** are pets and some others are wild.
The one with the itch, I am sure he just smiled.

They sleep in their burrows, deep under the ground.
So no one will hear them, they make not a sound.

👂 Shhh! The rabbits
are sleeping!

☺ Most puppies are friendly and love to play tug,
To make them feel **happy**, just give them a hug!
Are these puppies sad?

☺ No, these puppies
are **happy!**

☺ They'll jump and they'll yelp and they'll run 'til they drop.
I'm not sure they'll hear, if you ask them to stop.

But when the sun sets, little **puppies** will yawn.
Just watch as they curl up and doze until dawn.

👁️ **Shhh! The puppies
are sleeping!**

☹️ The bats like to sleep in the daytime, I've heard, and wake up at **night**, when they fly like a bird.

Do bats fly during the day?

🕒 No, bats fly during the night.

🌀 **Bats** eat hoards of insects. This helps us a lot, since too many bugs are too many to swat!

Their feeding's all done; now the **bats** fly back home. They'll sleep upside down in a deep cavern's dome.

👁️ Shhh! The **bats**
are sleeping!

👂 The baby tries walking, then falls in the dirt.
His cry is so **loud** that my ears start to hurt!
Is the baby quiet?

🗣️ **No, the baby is loud!**

☺ The **baby** makes sounds, but he really can't talk.
He takes little steps as he's learning to walk.

But now he is tired and lies in my lap.
Let's be very quiet and just let him nap.

👂 Shhh! The **baby** is sleeping.

☹️ You make it seem **easy**! You're reading so fine!
Yes, soon you will read all of your part and mine.
Is reading this book hard?

🗨️ No, reading this book is easy!

☹️ We're both a bit tired, I think you'll agree,
but I am so glad you have read this with me.
Your eyes are so droopy, it's hard to ignore.
In one minute more, you'll be starting to snore!

🗨️ Shhh! I am sleeping.

If you liked **We All Sleep**, here is another
We Both Read® Book you are sure to enjoy!

Just Five More Minutes!

It's Mark's bedtime, but he begs his mom for "just five more minutes!" When his five minutes are up, he keeps coming up with more things to do that will take him "just five more minutes." Each new thing is more funny and outlandish than the last, including teaching a dinosaur how to tie his shoes and brushing George Washington's teeth on Mount Rushmore!
